ORDERING INFORMATION

Name the part and give its style number. Give the complete nameplate reading. State whether shipment is desired by freight, express or by parcel post. Send all orders or correspondence to the nearest sales office of the company. Small orders should be combined so as to amount to at least two dollars, as order handling and shipping expenses prevent us from billing a smaller amount.

Parts indented are included in the part under which they are indented.
† When ordering Resistor Bobbins or Resistor Units, specify the style number stamped on the old Bobbin or Unit.
